ENGLISH SECTION · WORKFLOW OVERVIEW

Teacher Expense Claims, Payroll, and Payment Follow-up

1. In My Expense Claims, handle rejected items and approved-unpaid follow-up before creating a new claim to avoid duplicates.
2. For a new claim, verify date, purpose, amount, currency, and business reason, and attach clear evidence for that exact expense.
3. After submission, confirm the waiting-approval status; when rejected, read the reason, replace incorrect evidence, and resubmit instead of duplicating the claim.
4. In Payroll, verify the period, sessions, hours, rates, adjustments, and total; never review only the final amount.
5. Confirm payroll only when every line agrees; for missing sessions, wrong hours or rates, or duplicates, preserve exact session evidence and raise the issue through the page workflow.
6. Use PayNow or Wise according to location, then reopen after saving to verify; never submit passwords, OTPs, or online-banking credentials to the system or staff.
