

老师收款资料核验与导出流程 / Tutor Payment Profile Review and Export

本流程只给财务/Admin 使用。新规则是：本地老师 PayNow，海外老师 Wise；Bank Transfer 只作为历史资料参考。工资、报销和 tutor cost 金额计算逻辑不变。

This guide is for Finance/Admin only. New rule: local tutors use PayNow, overseas tutors use Wise. Bank Transfer is legacy reference only. Payroll, reimbursement, and tutor-cost amount calculations are unchanged.

一句话 / Short Answer

付款前先看 **Payment Method** 和 **Payment Profile Status**。PayNow 用 PayNow 栏位，Wise 用 Wise 栏位；历史 Bank Transfer 仅作参考。

Before paying, check **Payment Method** and **Payment Profile Status**. Use PayNow columns for PayNow, Wise columns for Wise, and legacy Bank Transfer only as reference.

Step 1: Teacher Payroll 导出 / Export Teacher Payroll

Payroll

工资页面和金额计算不变。变化是导出列带出 PayNow、Wise、Payment Profile Status、Verified At/By 和历史银行资料。

The payroll page and amount calculations are unchanged. The export now includes PayNow, Wise, Payment Profile Status, Verified At/By, and legacy bank details.

Step 2: Expense Claims 导出 / Export Expense Claims

Expense Claims

老师报销仍按原审批流程处理。导出时会带出提交人对应老师的收款资料，付款前先核验状态。

Tutor reimbursements still follow the existing approval process. The export includes the linked tutor payment profile; verify the status before payment.

The screenshot shows the 'Expense Claims / 报销审批' interface. At the top, there's a header with a login status 'Logged in / 已登录: Sharilyn Ang (sharilynang@123.com)' and buttons for 'Bilingual / 双语', 'Apply', and 'Logout / 退出登录'. Below this, a red callout bubble says '报销审批流程不变' (Approval process unchanged). The main section is titled 'Expense Claims / 报销审批' and includes a sub-header: 'Start from submitted review or approved payout groups, then use history only for follow-up and exports. / 优先处理待审批队列和已批未付分组，历史列表只作跟进'. Below the header, there are filters: 'Current dataset / 当前数据集: All working states / 全部工作状态', 'Active filters / 生效筛选: 0', 'Follow-up reminders / 跟进提醒: 2', and 'Attachment issues / 附件异常: 2'. The interface is divided into three main panels. The left panel, titled 'Current focus / 当前建议起点', contains a red callout bubble that says 'Review the selected submitted claim first / 先处理当前选中的待审批报销单' and explains: 'The review panel below already has the selected claim, attachments, and next action together. / 下方审批面板已经把当前报销单、附件和下一步动作放在一起。'. The middle panel, titled 'Visible dataset / 当前可见数据集', shows 'All working states / 全部工作状态' with '95 visible claim(s) with 0 active filter(s). / 当前共有 95 条可见记录，生效筛选 0 个。'. The right panel, titled 'Main pressure points / 当前主要关注点', shows '2 review + 0 payout groups' and '1 attachment issue(s) and 2 follow-up reminders'. At the bottom, there are buttons for 'Default desk / 默认工作台', 'Review actions / 审批操作', and 'Payment details / 付款信息'. Below these, there are three tabs: 'Quick filters / 快速筛选' (Switch the dataset before opening rows / 先切换数据集，再进入具体条目), 'Review queue / 审批队列' (2 waiting now / 当前 2 条待审批), and 'Finance queue / 财务队列' (6 approved unpaid groups / 6 个已批未付分组).

如果导出资料为空、状态不是 Verified，或付款方式和字段不匹配，先回老师资料核验，不要猜。
