Complete these four checks before clicking

Prepare

- Use your own account and role workspace.
- Use training data unless a manager authorises real data.
- Prepare the correct target, date, owner, and source records.
- Keep this PDF beside the system and complete one numbered step at a time.

Never

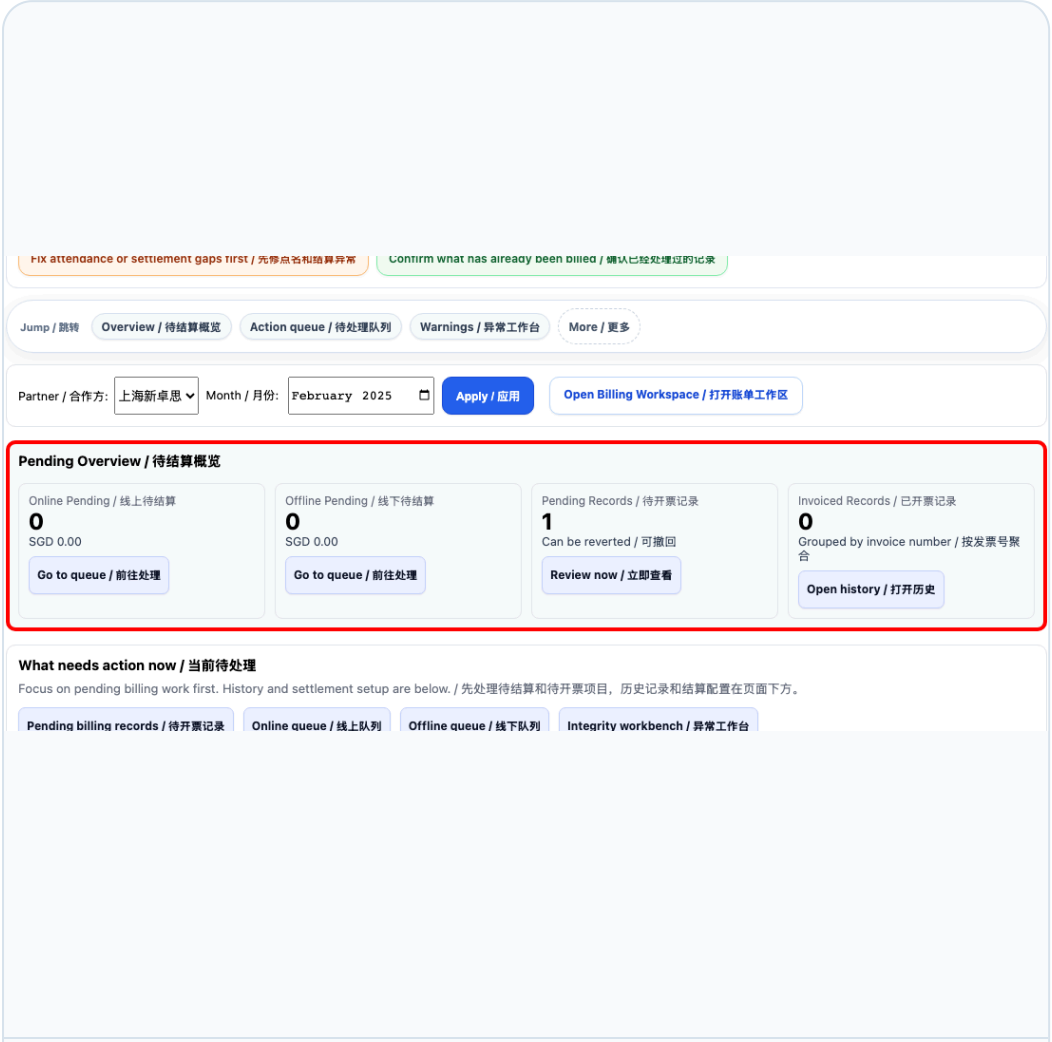

- Do not use another employee's account.
- Do not guess names, amounts, dates, statuses, or missing fields.
- Do not repeat Save, Apply, Approve, Publish, or Send when the result is unclear.
- Stop and ask the owner when the page differs.

ENGLISH SECTION · WORKFLOW OVERVIEW

Shanghai Xinzhuosi Partner Settlement

1. Filter by partner, settlement period, and eligible sessions.
2. Verify student, course, hours, status, and partner rate.
3. Return exception sessions to the business owner before billing.
4. Create the settlement and review line items and total in the billing workspace.
5. Finance closes invoicing, payment, and corrections with an audit trail.

Filter by partner, settlement period, and eligible sessions.

先选合作方和月份，再核对待结算概览。 / Select partner and month, then check the overview.

Complete in this order

1. Open Partner Settlement and select Shanghai Xinzhuosi and the settlement month.
2. Distinguish completed online packages from offline monthly sessions; the screenshot shows an offline example.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Verify student, course, hours, status, and partner rate.

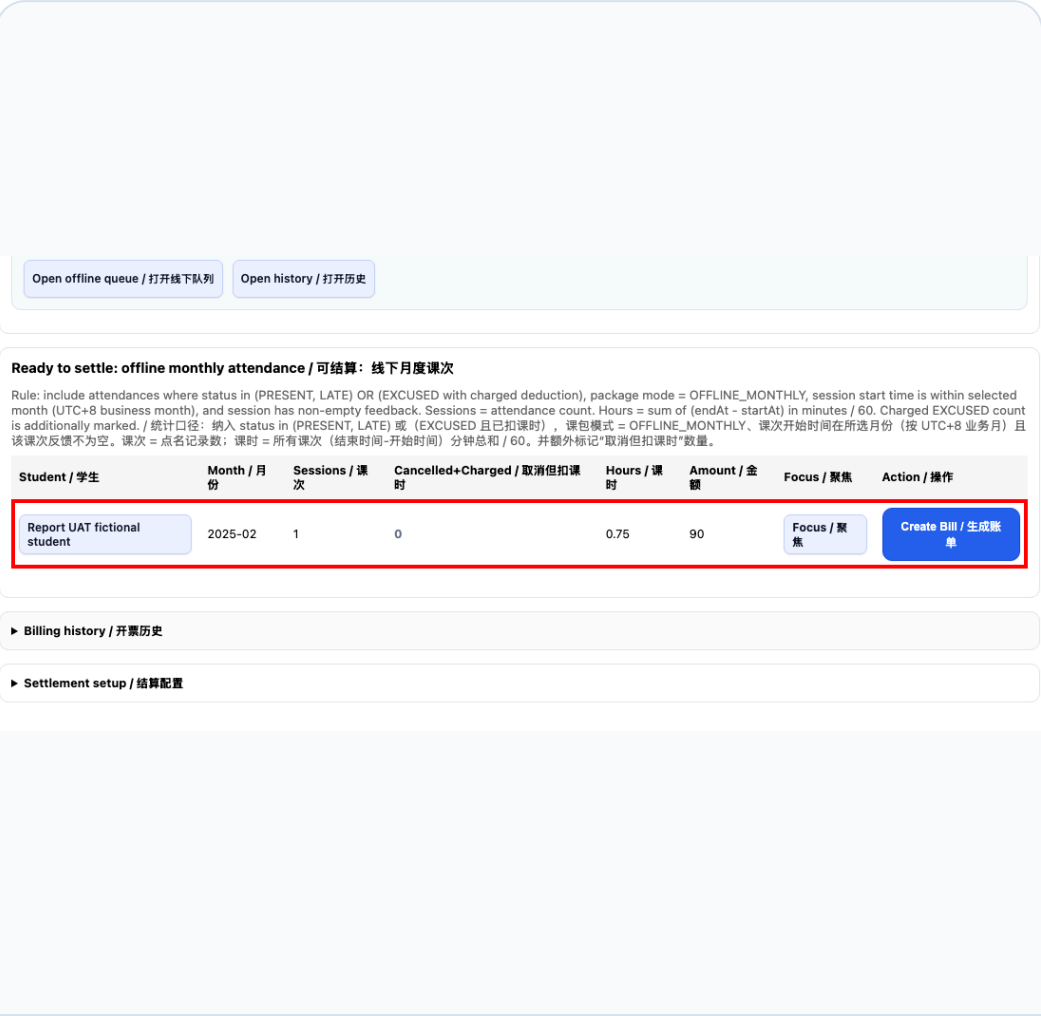

示例候选行：核对课次、小时和金额。 / Check the candidate session, hours and amount.

Complete in this order

1. In the offline queue check the student, month, sessions, hours and amount.
2. The amount uses the configured partner rate; open the student link to inspect attendance and courses.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Return exception sessions to the business owner before billing.

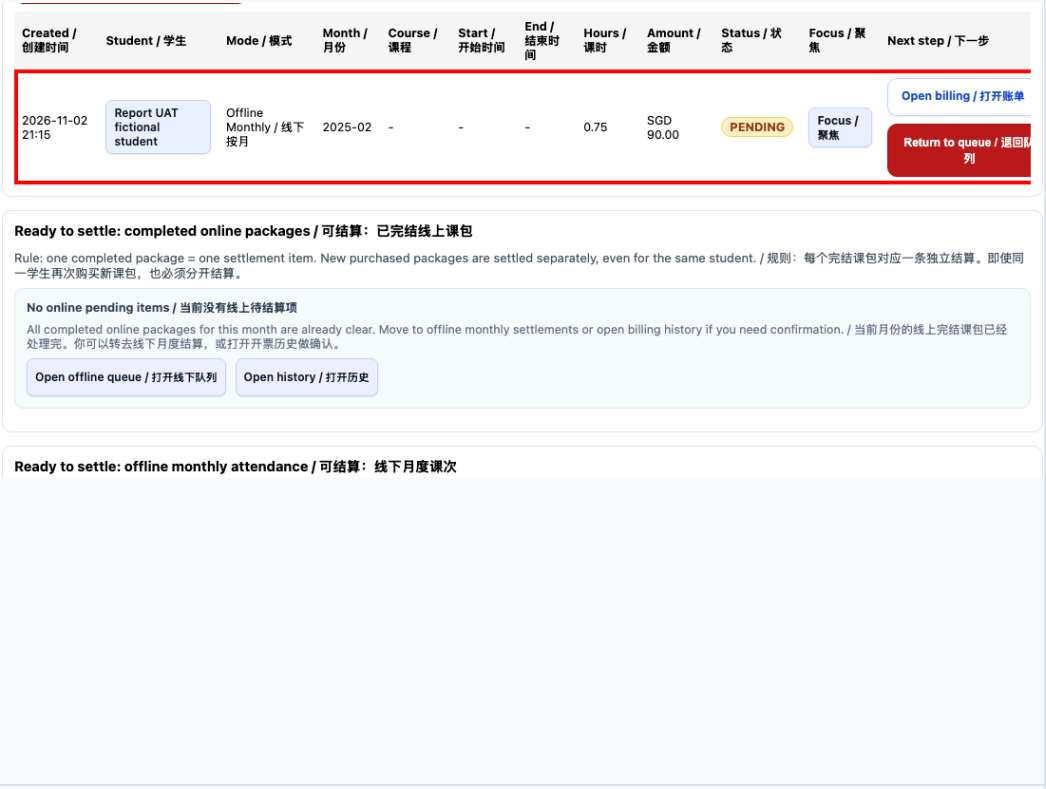

示例行是正常候选项；发现异常时先停止并退回负责人。 / The example is a valid candidate; stop and escalate any anomaly.

Complete in this order

1. Review Settlement Warnings for missing feedback, attendance status or count differences.
2. Offline sessions need a linked offline-monthly package and nonempty feedback. Resolve discrepancies with the owner before proceeding.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Create the settlement and review line items and total in the billing workspace.

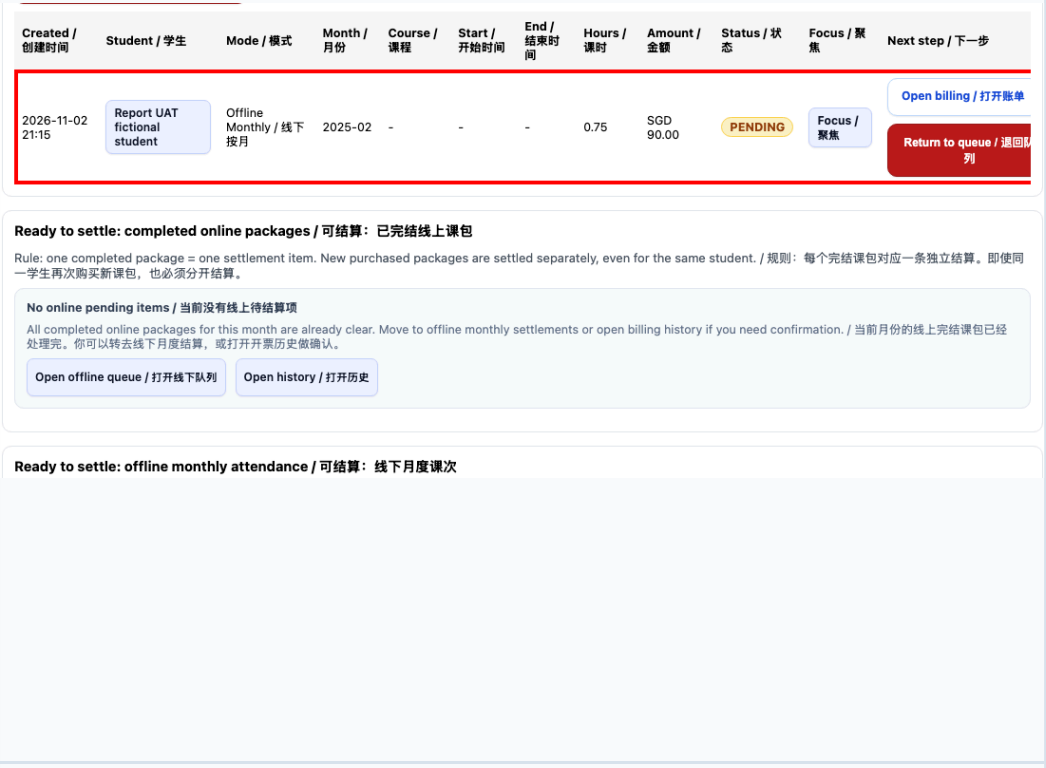

生成后进入待开票记录，先复核明细。 / The created item appears in pending billing records; review it.

Complete in this order

1. After authorised review, an Academic or administrator with permission selects Create Bill.
2. Refresh and check student, period, hours, amount and PENDING in the billing records. This is a settlement record, not yet an invoice.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Finance closes invoicing, payment, and corrections with an audit trail.

待开票记录为财务交接点；发票收款按财务流程继续。 / This is the finance handover point; invoice and receipt follow Finance procedures.

Complete in this order

1. Use Open billing to hand over invoice review, issue and payment follow-up to Finance.
2. An invoiced settlement cannot be returned directly; follow the Finance correction process. Never use Clear Test Records on business data.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Report completion only when every item is true

Employee self-check

- The account, platform, role, and target record are correct.
- Every step was completed in order.
- The expected final status remains after refresh.
- Non-sensitive evidence of the result was saved.
- You can explain who handles an exception.

Stop and escalate

- Required data or permission is missing.
- The page, button, or status differs from the guide.
- An unauthorised action would affect finance, contracts, packages, payroll, live sessions, or parent-visible content.
- The final state cannot be verified.
