Complete these four checks before clicking

Prepare

- Use your own account and role workspace.
- Use training data unless a manager authorises real data.
- Prepare the correct target, date, owner, and source records.
- Keep this PDF beside the system and complete one numbered step at a time.

Never

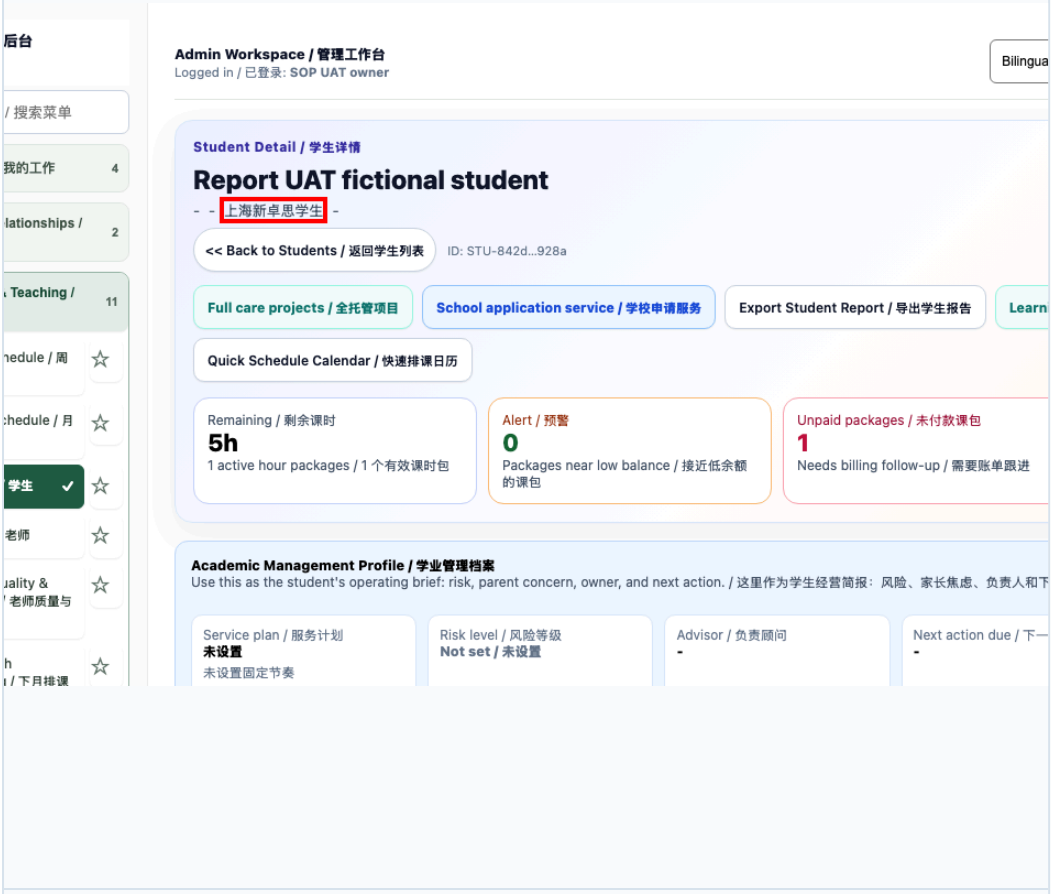

- Do not use another employee's account.
- Do not guess names, amounts, dates, statuses, or missing fields.
- Do not repeat Save, Apply, Approve, Publish, or Send when the result is unclear.
- Stop and ask the owner when the page differs.

ENGLISH SECTION · WORKFLOW OVERVIEW

2. Open package creation and select the correct student and course.
3. Open step 3 first and choose the agreed partner settlement mode and validity.
4. Return to step 2 for minutes and payment information and check the summary.
5. Create only after review, then check status, balance and settlement ownership.

Check for duplicate student records and verify the Shanghai Xinzhuosi source.

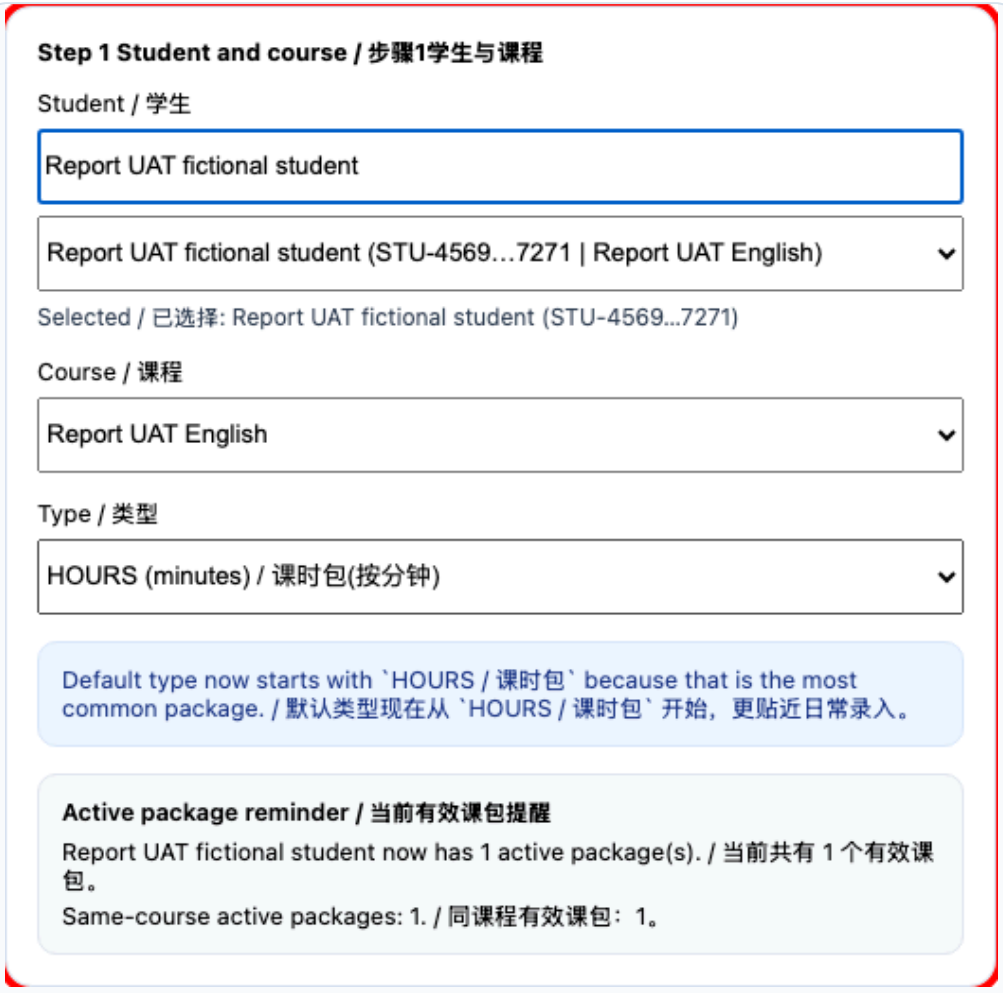

学生详情显示新卓思来源；先核对身份和来源。 / Student profile shows the XZS source; verify identity and source.

Complete in this order

1. Search for existing student and parent records to avoid duplicates; verify the source is 上海新卓思学生.
2. Resolve mismatches with the owner. The screenshot uses a synthetic student.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Open package creation and select the correct student and course.

虚拟学生；没有提交创建课包。 / Synthetic student; package creation was not submitted.

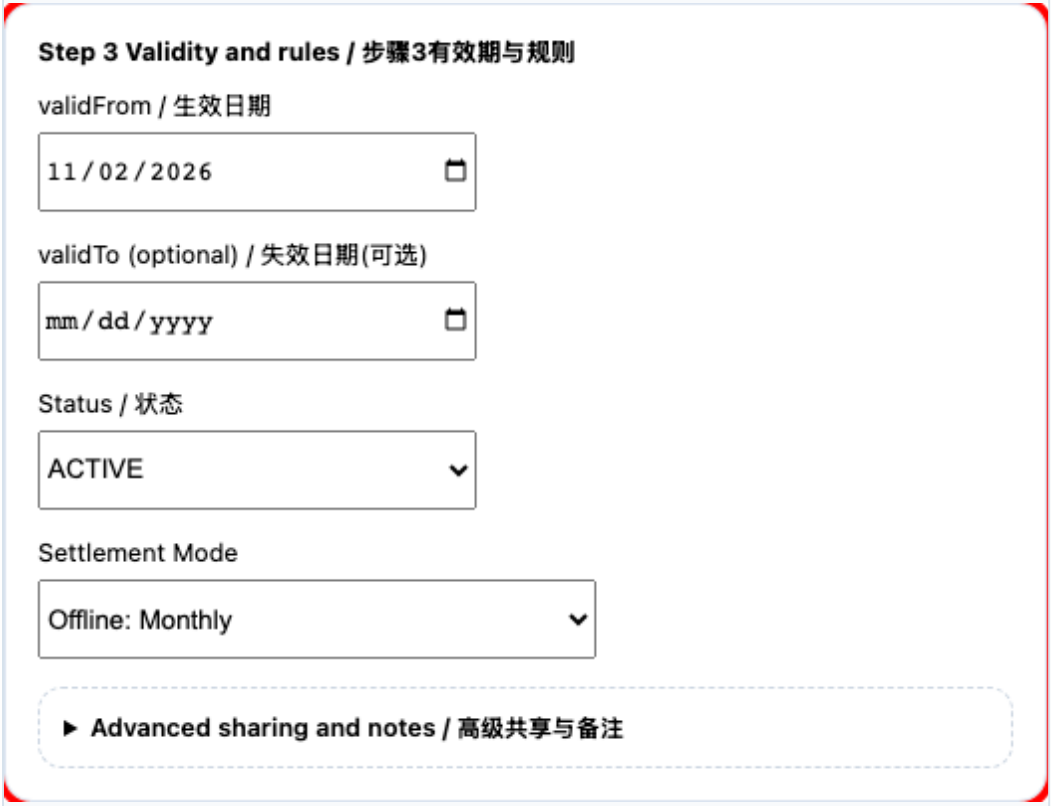

Complete in this order

1. Open Packages and select Create Package.
2. In step 1 search for and verify the student, choose the agreed course and package type, and check existing same-course packages.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

ENGLISH WORKFLOW · STEP 3 OF 5

Open step 3 first and choose the agreed partner settlement mode and validity.

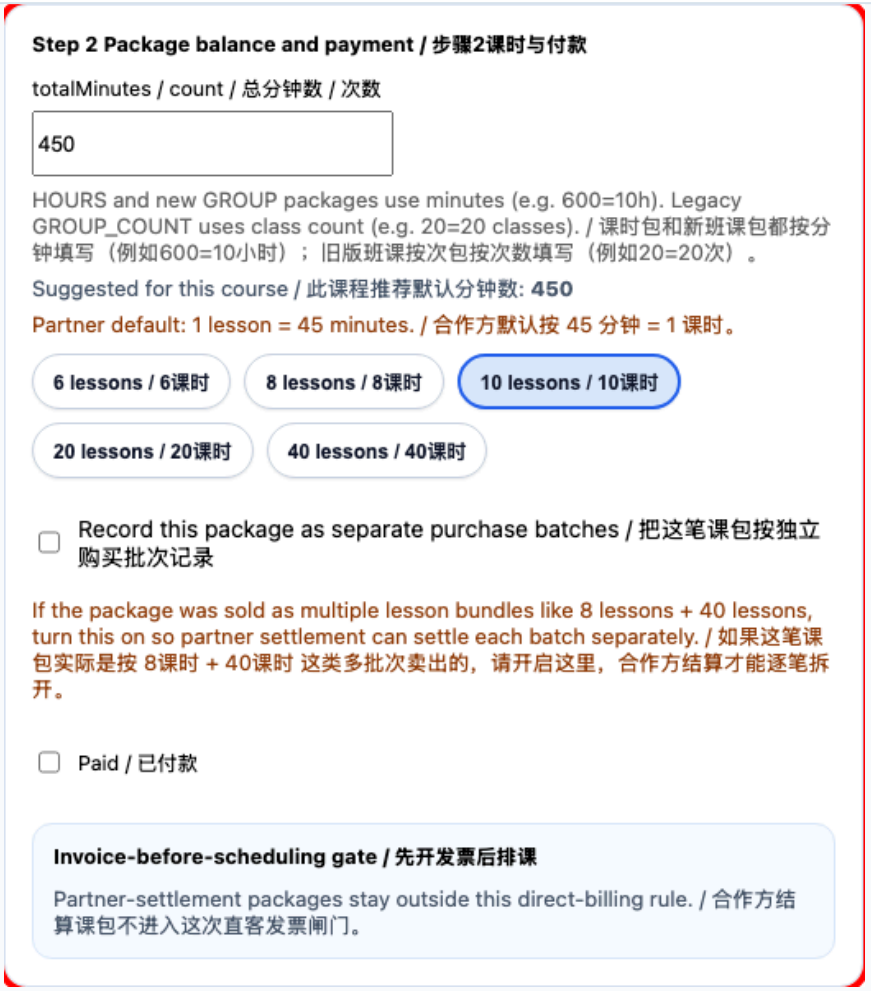

虚拟学生；没有提交创建课包。 / Synthetic student; package creation was not submitted.

Complete in this order

1. After choosing the student and course, open step 3, Validity and rules.
2. Select the agreed online package-end or offline monthly partner settlement mode and verify dates and status; do not guess the mode.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Return to step 2 for minutes and payment information and check the summary.

虚拟学生；没有提交创建课包。 / Synthetic student; package creation was not submitted.

Complete in this order

1. Return to step 2 and enter the agreed minutes and payment information. The partner default is 45 minutes per lesson; use purchase batches only when they reflect the actual purchase.
2. Choosing the settlement mode first avoids the direct-billing validation in step 2. Check the summary and payment status; do not select an exemption merely to proceed.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Create only after review, then check status, balance and settlement ownership.

虚拟学生；没有提交创建课包。 / Synthetic student; package creation was not submitted.

Complete in this order

1. In step 4, review student, course, minutes, dates, settlement mode and same-course warnings.
2. Once authorised, create the package and verify balance, status, scheduling eligibility and partner settlement attribution. The screenshot was not submitted.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Report completion only when every item is true

Employee self-check

- The account, platform, role, and target record are correct.
- Every step was completed in order.
- The expected final status remains after refresh.
- Non-sensitive evidence of the result was saved.
- You can explain who handles an exception.

Stop and escalate

- Required data or permission is missing.
- The page, button, or status differs from the guide.
- An unauthorised action would affect finance, contracts, packages, payroll, live sessions, or parent-visible content.
- The final state cannot be verified.
