2. Check teacher, student and room occupancy; escalate uncertainty.

Completion signal: The target conflict is gone and all related sessions match the final arrangement.

STOP: Stop and contact the owner if you cannot determine which session should remain.

Verify the official timetable and record the outcome.

隔离环境示例；截图展示相关页面，具体操作以文字及当前界面为准。 / Isolated training example; screenshot provides context. Follow the text and current interface. 分段放大同一真实截图，按 1→2→3 阅读。 / Enlarged parts of one real screenshot, in order.

Complete in this order

1. Return to the student record or timetable and verify each date, time, teacher, location and status.
2. Record completed or skipped results on the ticket and notify the responsible staff.

Completion signal: The official schedule and ticket result match and remain after refresh.

STOP: Do not complete the ticket when chat confirms it but no official session exists.

Hand over unfinished work.

隔离环境示例；截图展示相关页面，具体操作以文字及当前界面为准。 / Isolated training example; screenshot provides context. Follow the text and current interface.

Complete in this order

1. Record ticket owner, blocker, waiting party, next action and follow-up time.
2. The receiving staff member should reopen the ticket; chat alone is not system status.

Completion signal: The handover contains all six elements and the next shift can act immediately.

STOP: Do not replace owner, deadline, and next action with vague notes such as 'communicated' or 'following up'.

Report completion only when every item is true

Employee self-check

- The account, platform, role, and target record are correct.
- Every step was completed in order.
- The expected final status remains after refresh.
- Non-sensitive evidence of the result was saved.
- You can explain who handles an exception.

Stop and escalate

- Required data or permission is missing.
- The page, button, or status differs from the guide.
- An unauthorised action would affect finance, contracts, packages, payroll, live sessions, or parent-visible content.
- The final state cannot be verified.
