Complete these four checks before clicking

Prepare

- Use your own account and role workspace.
- Use training data unless a manager authorises real data.
- Prepare the correct target, date, owner, and source records.
- Keep this PDF beside the system and complete one numbered step at a time.

Never

- Do not use another employee's account.
- Do not guess names, amounts, dates, statuses, or missing fields.
- Do not repeat Save, Apply, Approve, Publish, or Send when the result is unclear.
- Stop and ask the owner when the page differs.

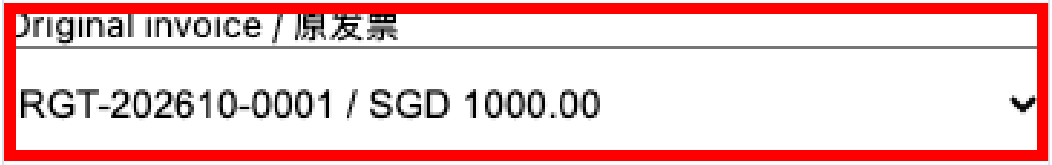

ENGLISH SECTION · WORKFLOW OVERVIEW

Partner Credit Note

1. Start from the original partner invoice and verify company, invoice, and remaining creditable balance.
2. Enter business reason, address, date, and line items; do not edit the original invoice amount.
3. After saving the draft, verify tax treatment, lines, total, and original-invoice link.
4. Issue only after review; issuance creates an official finance document and audit event.
5. Correct draft errors; void issued notes under policy and never delete history.

ENGLISH WORKFLOW · STEP 1 OF 5

Start from the original partner invoice and verify company, invoice, and remaining creditable balance.

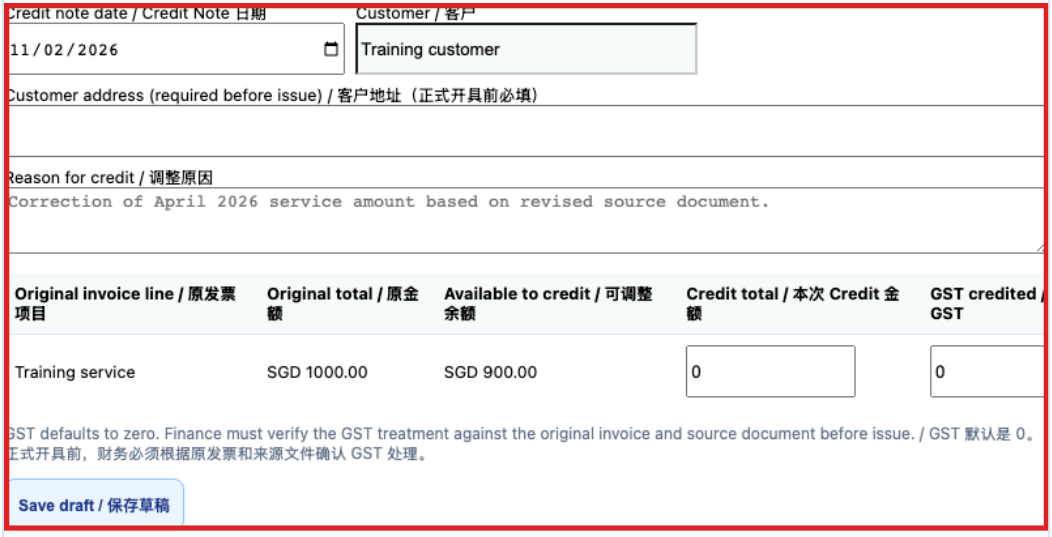

隔离环境虚拟发票；财务培训账号。 / Synthetic invoice in isolated environment; finance training account.

Complete in this order

1. Open the billing workspace in Partner Settlement and choose the partner, settlement mode and month.
2. Open Credit Notes, select the original invoice and choose Open. Check its number, original total and credit available.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Enter business reason, address, date, and line items; do not edit the original invoice amount.

隔离环境虚拟发票；财务培训账号。 / Synthetic invoice in isolated environment; finance training account.

Complete in this order

1. Enter the credit-note date, customer address and business reason.
2. On the correct invoice line enter the credit total and GST included. Check the available amount and verify GST against the invoice and source documents.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

After saving the draft, verify tax treatment, lines, total, and original-invoice link.

隔离环境虚拟发票；财务培训账号。 / Synthetic invoice in isolated environment; finance training account.

Complete in this order

1. Select Save draft and locate DRAFT in Credit note history.
2. Use Preview to verify the source invoice, customer, amount, GST and reason. A draft reserves the amount but does not count as issued credit.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Issue only after review; issuance creates an official finance document and audit event.

隔离环境虚拟发票；财务培训账号。 / Synthetic invoice in isolated environment; finance training account.

Complete in this order

1. After verifying source, address, amount and GST, tick the confirmation in the draft row and select Issue.
2. Refresh and confirm ISSUED before exporting the PDF. If the result is unclear, check the status before repeating any action.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Correct draft errors; void issued notes under policy and never delete history.

隔离环境虚拟发票；财务培训账号。 / Synthetic invoice in isolated environment; finance training account. 分段放大同一真实截图，按 1→2→3 阅读。 / Enlarged parts of one real screenshot, in order.

Complete in this order

1. Use Edit draft to correct a draft. A void requires a reason and must follow Finance policy.
2. VOID remains in history and no longer reduces the invoice. Existing receipts are not changed; record any refund or future offset separately.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

ENGLISH SECTION · FINAL CHECK

Report completion only when every item is true

Employee self-check

- The account, platform, role, and target record are correct.
- Every step was completed in order.
- The expected final status remains after refresh.
- Non-sensitive evidence of the result was saved.
- You can explain who handles an exception.

Stop and escalate

- Required data or permission is missing.
- The page, button, or status differs from the guide.
- An unauthorised action would affect finance, contracts, packages, payroll, live sessions, or parent-visible content.
- The final state cannot be verified.
