Complete these four checks before clicking

Prepare

- Use your own account and role workspace.
- Use training data unless a manager authorises real data.
- Prepare the correct target, date, owner, and source records.
- Keep this PDF beside the system and complete one numbered step at a time.

Never

- Do not use another employee's account.
- Do not guess names, amounts, dates, statuses, or missing fields.
- Do not repeat Save, Apply, Approve, Publish, or Send when the result is unclear.
- Stop and ask the owner when the page differs.

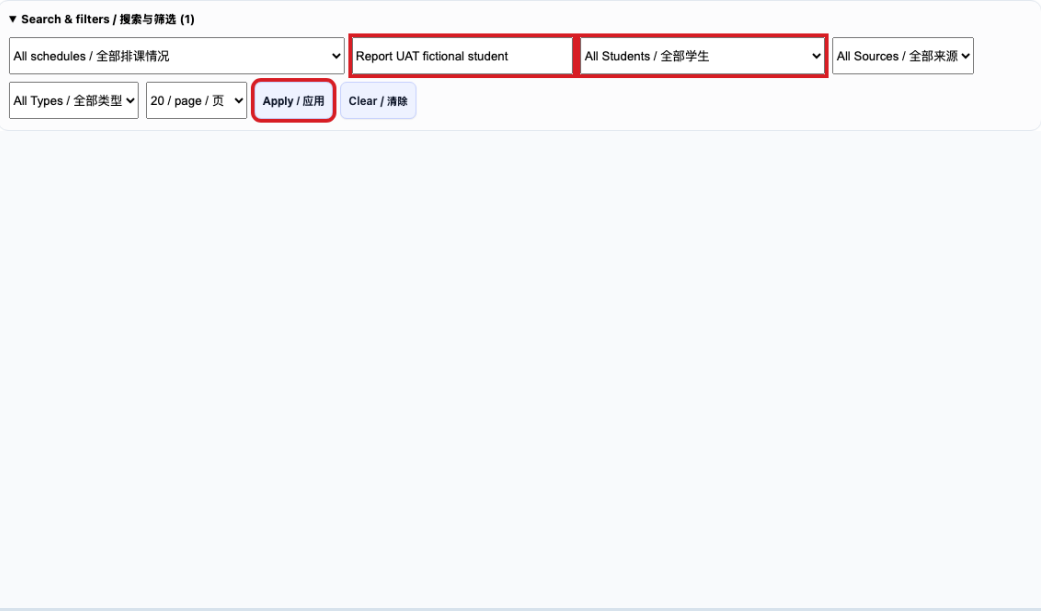

ENGLISH SECTION · WORKFLOW OVERVIEW

First Purchase, Renewal, Contracts, Packages, and Finance Gates

1. Check the student, existing contracts, and packages first; determine first purchase or renewal and avoid duplicates.
2. Verify parent details, contracting entity, course, amount, validity, and purchase type.
3. Send only the current official contract link; after signing, check status, PDF, and event log.
4. Create or link the correct invoice in Package Billing; never duplicate an existing invoice.
5. Direct-billing packages may be scheduled only after required approval; Finance closes payment and receipt work.

ENGLISH WORKFLOW · STEP 1 OF 5

Check the student, existing contracts, and packages first; determine first purchase or renewal and avoid duplicates.

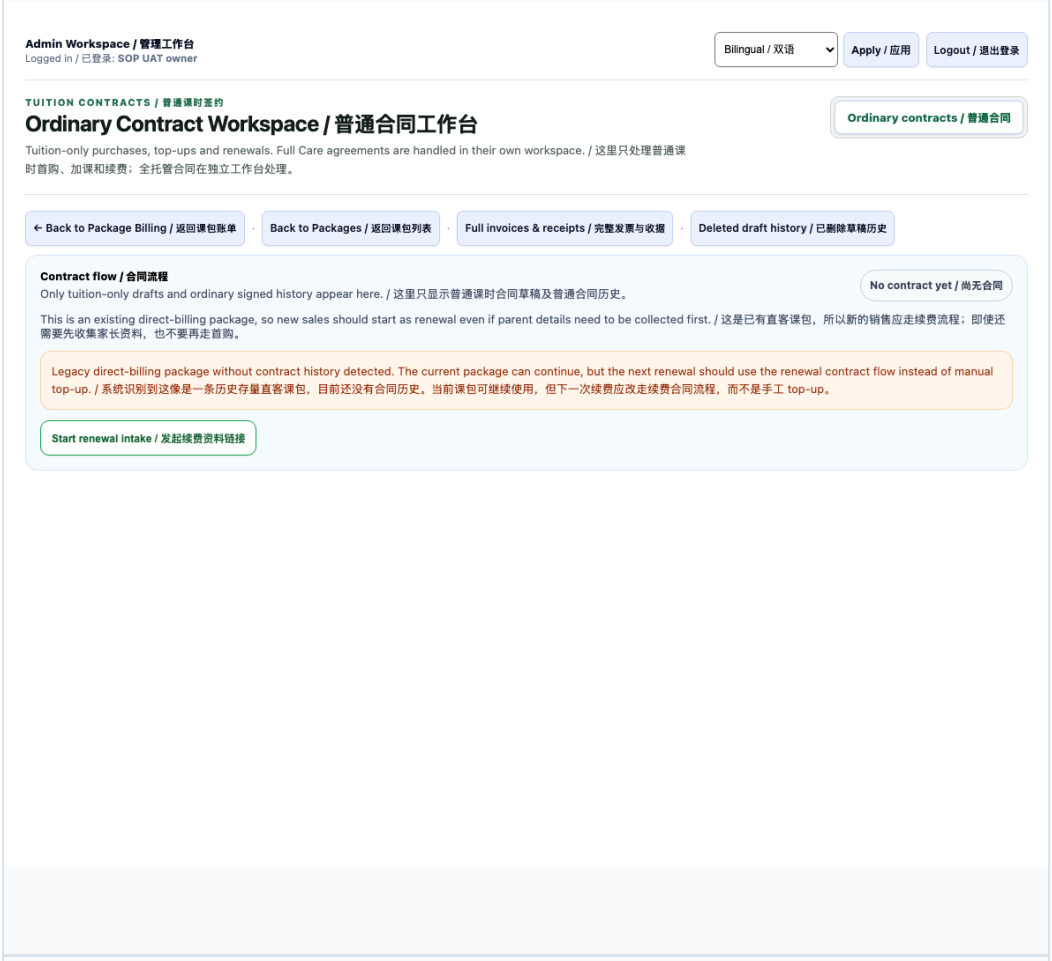

2026-11-02 系统培训页面 / Current training page (synthetic data).

Complete in this order

1. Find the existing student and inspect current contracts and packages.
2. Use the history to distinguish first purchase from renewal; do not create another student record for a renewal.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Verify parent details, contracting entity, course, amount, validity, and purchase type.

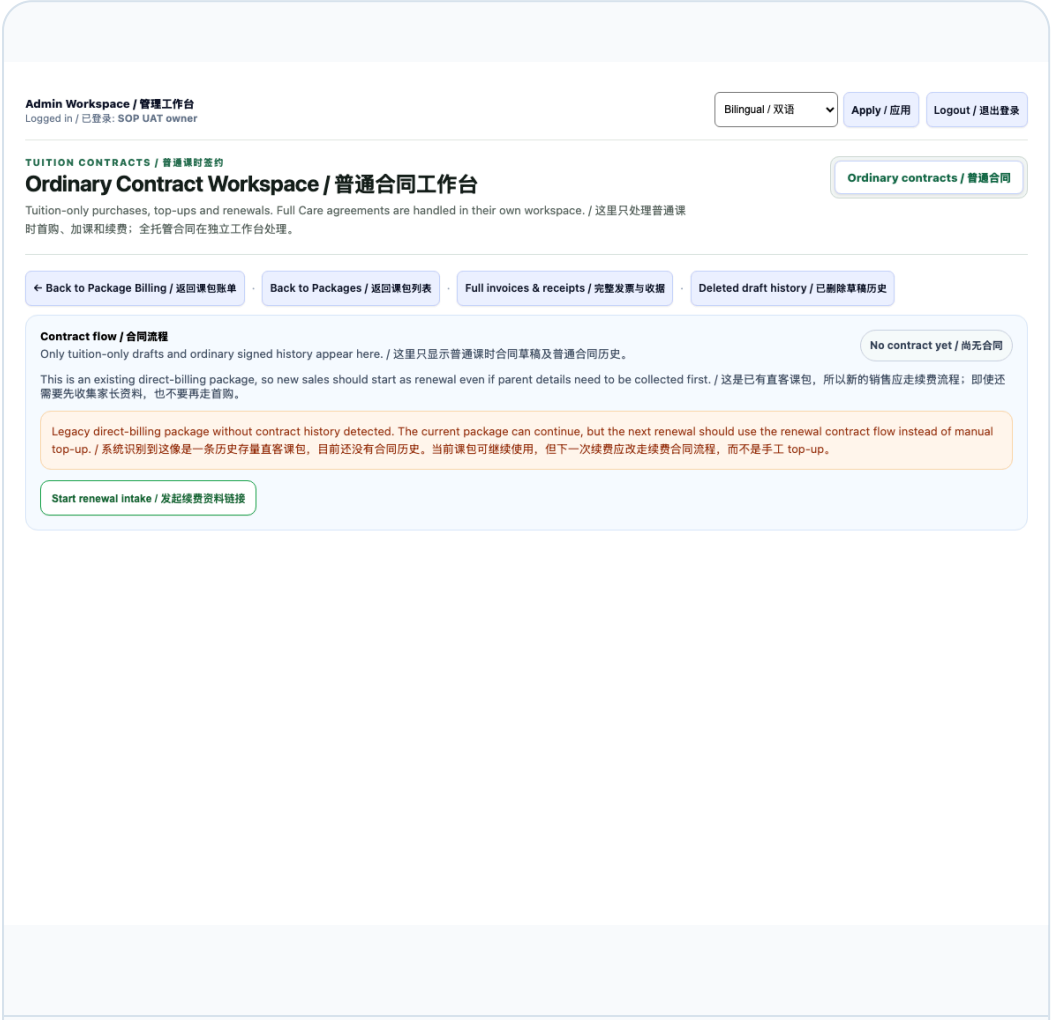

当前系统中的对应工作区；培训账号与数据仅作演示。 / Corresponding current workspace with synthetic training data.

Complete in this order

1. In the contract workspace, verify student, parent, contracting party, course, amount and term.
2. If no valid contract or history is shown, use the appropriate first-purchase or renewal flow and complete missing evidence.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Send only the current official contract link; after signing, check status, PDF, and event log.

当前系统中的对应工作区；培训账号与数据仅作演示。 / Corresponding current workspace with synthetic training data.

Complete in this order

1. Send only the system-generated link from the student's current contract workspace after checking recipient and version.
2. After signing, reopen the record and verify status, PDF and event history; an unsigned draft is not a signed contract.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Create or link the correct invoice in Package Billing; never duplicate an existing invoice.

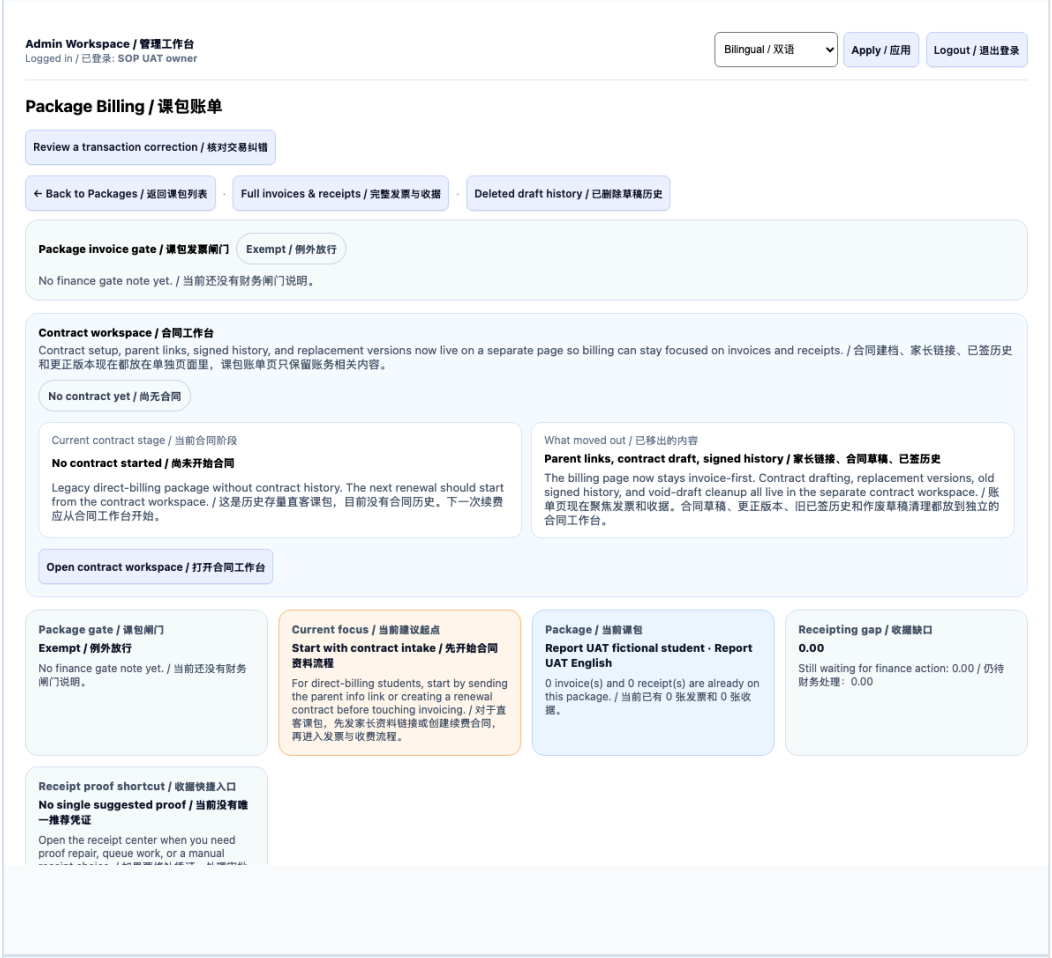

当前系统中的对应工作区；培训账号与数据仅作演示。 / Corresponding current workspace with synthetic training data.

Complete in this order

1. Open Package Billing for the correct package and check existing invoices and payment records.
2. Create or link the correct invoice through the system gate; avoid duplicates and do not treat payment proof as a receipt.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Direct-billing packages may be scheduled only after required approval; Finance closes payment and receipt work.

当前系统中的对应工作区；培训账号与数据仅作演示。 / Corresponding current workspace with synthetic training data.

Complete in this order

1. Recheck contract, invoice, payment and approval gates on the package page.
2. Proceed to formal scheduling only when the system permits it and required approvals are complete; Finance closes payment and receipt records.

STOP: If the name, amount, permission, status, or button differs, do not continue or click again. Preserve the screen and contact the workflow owner.

Report completion only when every item is true

Employee self-check

- The account, platform, role, and target record are correct.
- Every step was completed in order.
- The expected final status remains after refresh.
- Non-sensitive evidence of the result was saved.
- You can explain who handles an exception.

Stop and escalate

- Required data or permission is missing.
- The page, button, or status differs from the guide.
- An unauthorised action would affect finance, contracts, packages, payroll, live sessions, or parent-visible content.
- The final state cannot be verified.
