Complete these four checks before clicking

Prepare

- Use your own account and role workspace.
- Use training data unless a manager authorises real data.
- Prepare the correct target, date, owner, and source records.
- Keep this PDF beside the system and complete one numbered step at a time.

Never

- Do not use another employee's account.
- Do not guess names, amounts, dates, statuses, or missing fields.
- Do not repeat Save, Apply, Approve, Publish, or Send when the result is unclear.
- Stop and ask the owner when the page differs.

ENGLISH SECTION · WORKFLOW OVERVIEW

Academic Daily Start, Student Setup, and Student 360 Records

1. After login, verify your own Academic identity. Open Todo Center and check today's schedule, outstanding requests, feedback and blockers.
2. Before creating a student, search the student list by name, school or ID. Separately check existing parent contact records; stop and consult a manager if a duplicate is possible.
3. Once no duplicate is found, enter confirmed name, school, birth date, grade, source and type in Add Student. Check parent contacts in the appropriate record; never guess missing information.
4. After saving, reopen Student 360 and verify profile, parent relationships, courses, packages, contracts, schedule, feedback, tickets, and service status.
5. Convert WeChat or verbal requests into a system ticket or to-do with student, facts, owner, due date, next action, and waiting party.
6. Before handover, recheck open work; close only after seeing the final state, and hand over every other item with student, issue, current state, owner, due time, and next action.

Employee self-check

- The account, platform, role, and target record are correct.
- Every step was completed in order.
- The expected final status remains after refresh.
- Non-sensitive evidence of the result was saved.
- You can explain who handles an exception.

Stop and escalate

- Required data or permission is missing.
- The page, button, or status differs from the guide.
- An unauthorised action would affect finance, contracts, packages, payroll, live sessions, or parent-visible content.
- The final state cannot be verified.
